

KIDS GUITAR LESSON 1

Lesson Plan suitable for 6 year old child

Make sure the guitar is in tune

Show the child how to form and strum (once) the G chord shape

Show your student how to form the Em chord

Have them move between the G and Em shapes in their own time

Introduce a count of 1-2-3-4 before each chord is strummed

Play along to a backing track

Encourage the student to practice before the next session and let them know what comes next
